

Hello,

My name is Kevin Jackson. I've been working in education for over 25 years with 20 of those years being with Beaumont ISD. I'm a proud graduate of Grambling State University where received my bachelors in Political Science and my master's in Ed. Leadership from Prairie View A&M University. Prior to getting into education, I worked for the Grambling police department and the Orleans Parish Criminal Sheriff's office. I've also been a coach of multiple sports for the last 25 years. I love working with children and watching how they progress as you show them how to work a process towards success in anything that they're doing personally or athletic. For me it's the satisfaction of seeing the joy on their face when they see that something that they thought they couldn't do. They realize that if they learn the process, nothing is impossible. I truly believe the proper preparation prevents poor performance and as long as you have a will, God truly can make a way, you just have to be prepared when it comes and be willing to work for it.
